

APICS 2017 Conference Highlights: The experience at the conference's various events will be explored broadly

The APICS 2017 conference explores forward thinking topics covering end-to-end supply chain, logistics and operations management through 60+ educational sessions, 12 facility tours, two keynotes and countless networking opportunities. Join us to learn more about this world renowned event from our Director of Programs, Ejike Ugochukwu.

About the Presenter

Ejike Ugochukwu, Director of Programs, APICS Rochester

Ejike K. Ugochukwu is a Buyer/Planner at Ortho Clinical Diagnostics' Customer Technical Services division and Director of Programs for APICS Rochester since October 2015. He is an APICS Certified Supply Chain Professional (CSCP) and has an MSc in Political Economics from the London School of Economics, London, UK. He earned his BSc in Politics and International Relations from the University of Kent at Canterbury, UK in 1999.

Prior to working at Ortho Clinical Diagnostics he was a Procurement Analyst at Frontier Communications and Avan Grid. He lives in Greece NY with his wife and three kids and enjoys hiking, rowing and photography.
